

December 18, 2020

To whom it may concern,

When St. Mary school closed after the 2019/2020 school year, we found ourselves in a situation where we owned a copier that was no longer useful to us and the company was refusing to give us any sort of easement, even during these difficult times for all. Thousands of dollars were at play. Once Al Kietzman came on the scene to assist us and intervene on our behalf, the company changed gears and was willing to negotiate a reasonable agreement on the machine. Without Al's assistance we would be stuck with a machine we did not need and still paying thousands of dollars for it. I would also like to note that Al was very generous and did not charge for his services.

I am very grateful for all that Al has done for St Marys. He was so helpful and easy to work with and offered us hope (with real results!) when we thought there was none.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Blewett', with a long horizontal flourish extending to the left.

Fr. John Blewett, Pastor
